

Asahi India Glass Ltd.

DELIVERING TRUE PROTECTION TO YOUR SPACES

Glass that enables
social distancing

Secure+

At Asahi India Glass Ltd. (AIS), it is our mission to deliver offerings that are not only crafted to assure your utmost comfort, but also your convenience and safety. As India's leading integrated glass manufacturer we bring to you **AIS Secure+**, a novel partitioning concept that facilitates social distancing without compromising on the aesthetics and ergonomics of the space.

Easily procurable, this solution allows you to choose from various sizes and thicknesses of glass, along with suitable hardware, for effective protection. Your needs can be addressed with a quick to install solution that can be used in a wide variety of applications. Customisation and durability can be delivered through quality clear tempered glass, thereby ensuring visibility without compromising on safety.

WHAT AIS SECURE+ OFFERS YOU:

Fewer chances
of spreading the
virus

Fast & easy
to install

Interactive

Aesthetically
appealing

Better visibility
than any
other option

Easy to sanitise
& maintain

Customisable
options available

Safe & durable
tempered glass

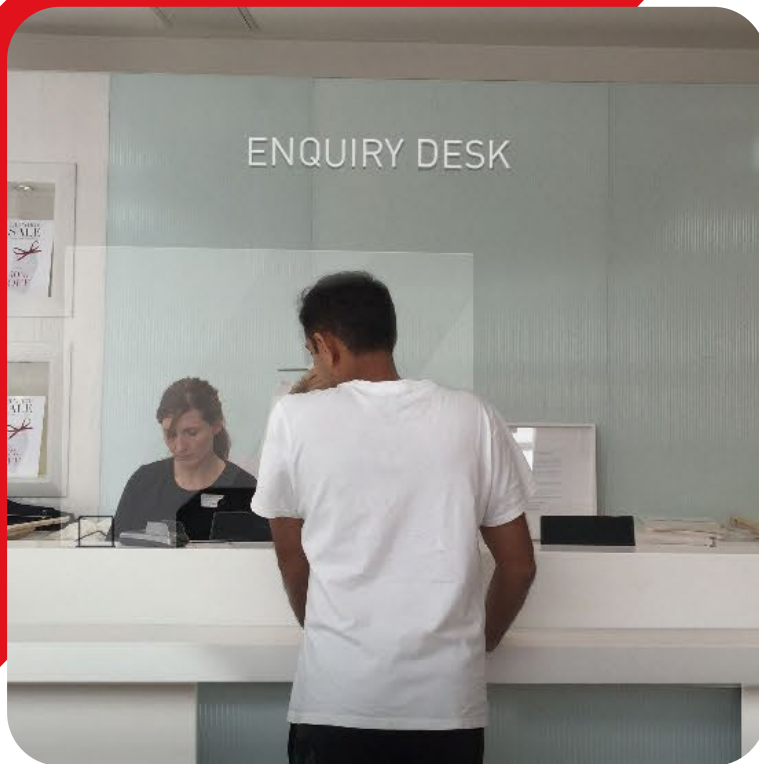

Various hardware
designs available

Secure+

Secure+

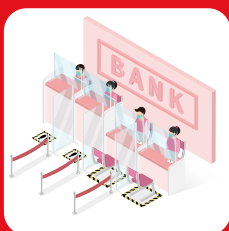

Your security is not place-bound and neither is our superior-quality offering. Applicable in both public and private spaces, **AIS Secure+** can be used in the following areas.

- Cash / enquiry / shop counters
- Reception desks
- Work spaces

- Dining / café tables
- Office cubicles
- Malls and entertainment stores

- Banks
- Hospitals
- Educational institutions

- Restaurants
- Retail showrooms
- Hotels

Wall to Glass Connector Double Holes

Note:

- It is not mandatory to use hardware recommended by AIS. The customer has the discretion to use the hardware of choice.
- The fabricator must check for stability and compatibility of the glass partition with the use of the suggested hardware for the customer.
- Images used are for representation purpose only.

*Subject to feasibility of supply and installation by the fabricator.

Asahi India Glass Ltd. (AIS) is India's leading integrated glass solutions company and a dominant player both in the automotive and architectural glass segments. It commands over 70% share in the Indian passenger car segment. Established in 1984, the footprint of AIS today spans the entire spectrum of the automotive and architectural glass value chains.

AIS provides end to end solutions — right from manufacturing and processing the glass, to fabrication and installation services — catering to customers in domestic and international markets. A sand-to-solutions organisation, we deliver a wide range of glass products and services for institutional buyers as well as retail customers.
