

## **Asahi India Glass Ltd. launches 2 new designs under its Opal Trendz series**

**Delhi, 25<sup>th</sup> January, 2016:** Asahi India Glass Limited (AIS), India's leading integrated glass company introduced 2 more designs under its Opal Trendz series. Opal Trendz is the first-of-its-kind patterned reflective glass which provides a unique glazing solution by creating a delightful play of light and colour. The two new patterns added are **Cross Hatch** and **T-Weave**.

**Vikram Khanna, COO – CMO, Asahi India Glass Limited** said "In our endeavor to rejuvenate our product portfolio periodically and offer greater choice to customers, we are happy to announce launch of new designs in Opal Trendz series. We foresee Opal Trendz to making inroads especially in rural areas and interior glass applications. This product will find usage beyond exterior applications. Opal Trendz offers a unique combination of solar control technology, shades and patterns, giving a new dimension to living spaces."

### **Available as:**

**Shades:** Royal Blue, Cool Green, Golden Bronze, Pearl Grey, Aqua Blue, Olive Green.

**Patterns:** Mini squares, Box stripes, Cross hatch, T-weave

### **About Asahi India Glass Limited (AIS):**

Asahi India Glass Ltd. (AIS) is India's leading integrated glass solutions company and a dominant player both in the car and building glass segment. It commands over 70% share in the Indian passenger car glass market. Established in 1986, AIS' footprint today spans the entire spectrum of the automotive and architectural glass value chains. It is a sand-to-solutions organization with products & services for institutional buyers as well as retail customers.
