Speaking about the performance of AIS, Mr. Sanjay Labroo, MD & C.E.O., AIS said -

“Our performance in this quarter have been significantly impacted due to external events like drop in sales led by the MSIL strike and huge increase in the costs of furnace oil, other key materials and adverse impact of foreign exchange and interest rates.

However, the underlying performance remains steady and I am confident that in the near future, financial performance shall get back to normal again.

Overall, the business points towards the right direction of profitable growth.”
