### Switchable Glass By AIS Glasxperts

Asahi India Glass Limited, one of the largest integrated glass companies in India offering end to end solutions across the entire glass value chain, delivers the best in 'glass experience' to its customers at optimal costs.

Switchable Glass by AIS Glasxperts is used as a stunning and practical design feature in many homes, residences, corporate offices, hotels, retail outlets and salons. This intelligent glass can be used in a variety of applications.

Made using Polymer Dispersed Liquid Crystal (PDLC) film, this special glass can be turned from transparent to translucent and vice versa with the press of a button.

It acts as an ideal privacy solution in health and beauty salons, conference rooms, personal cabins and changing room cabins in retail outlets. It can also be used as a rear projection screen for presentation purposes.

Switchable glass also performs as an anti-theft protection glass since the interlayer behaves as a security film resisting any kind of intrusion or impact.
